

Lesbian Gay Bisexual Trans...

...Intersex Queer or Questioning

Whoever you are, let's work together

We are an informal staff network of different sexual orientations and gender identities, meeting once a month to discuss issues that affect Lesbian, Gay, Bisexual, Trans and Intersex staff and friends at CCCU.

We believe that everyone has the right to work in an environment where they feel comfortable to be themselves.

The University is committed to supporting its Lesbian, Gay, Bisexual, Trans, Intersex and Queer (LGBTIQ) staff and their friends. The Equality & Diversity Unit has worked with staff across the University to promote the equality of LGBTIQ staff and students through the development of policy, networks and events.

Through the CCCU informal LGBTIQ staff network, we hope to provide a:

- supportive, open and friendly space for staff to meet each other
- chance to discuss issues affecting LGBTIQ staff and their friends
- place to plan promotion and awareness raising activities

Key Achievements:
