ACADEMIC CALENDAR C: TRIMESTERS DATES 2020-21

~ For information on Graduation and Award Ceremonies please see the Graduation and Award Ceremony webpages.

Academic Calendar C: Trimesters has been carefully planned to support your learning and enable us to deliver an outstanding student experience. Your engagement in the following weeks, alongside your programme, is important for progression and success in academic studies and career development

WELCOME WEEK - this week is targeted at all students starting or progressing onto an undergradatea new programme of study. It will familiarise you with the University and offer time to get to know students and tutors on your programme. It will also showcase the different ways we will support you here at Christ Church and the opportunities to join the wider community through activities like the Students' Union Freshers' Fayre.

ACADEMIC DEVELOPMENT WEEK (TRIMESTER 1) – this is a week dedicated to you advancing your learning through focussed activities and allowing you time to prepare for assignments and develop your academic skills. This is a vital opportunity for you and your Personal Academic Tutor to reflect on your academic progress so far and for you to get advice on the next steps you need to take to achieve your full potential. It is also a chance for you to access wider development opportunities around the University for example, in volunteering and peer mentoring.

STUDY WEEK – this week gives you the time to make the final preparations to end of trimester assessments or examinations.

PERSONAL DEVELOPMENT WEEK (TRIMESTER 2) – this is a dedicated week for you to engage in focussed activities that will develop your wider skills, enhance your employability and prepare you for your future career.

Your pattern of Teaching and Learning for Trimester 3 may vary depending on your Programme, this may include extended Independent Study or Placement.

Further information on events, activities and support offered during each of these weeks will be published on the University Student Calendar throughout the year.

For any programmes not aligned to one of the 5 University Calendars please check with your Programme Teams for further information.
