KEYNOTE SPEAKERS

This years conference is pleased to welcome Andrew Rennison (UK Forensic Regulator), Professor Neil Barratt (Cranfield University) and Peter Wood (First Base Technologies) and Professor Nigel Jones (UCD) as invited keynote speakers.

CONFERENCE THEME

The conference invites papers, practical workshop proposals, poster presentations including the following:

- Development of cybercrime forensics as a new discipline
- Hacking detection, prevention & prosecution
- Viruses and antivirus software
- Commercial training in cybercrime forensics
- Companies subcontracting forensic analysis
- Defining educational programmes and their objectives
- Ethical, professional and legal issues
- New software tools for cybercrime forensics
- International cooperation to develop standards
- Network and mobile communication technologies
- Cooperation of commercial and academic partners
- Cybercrime risk management and disaster planning
- Biometrics, CCTV, ANPR and Internet forensic evidence
- Government responses to cybercrime

CONFERENCE PARTICIPANTS

The conference seeks to attract participants from three groups:

Police Forces

- police officers;
- training organisations; high-tech crime units.

Commercial Practitioners

- computer security companies;
- legal services;
- risk management;
- forensic software tool vendors.

Educational Trainers

- university & college researchers; lecturers;
- research students; masters students

BCS Cybercrime Forensics SG

This conference is supported by the work of the British Computer Society Cybercrime Forensics Specialist Group. Details of how to join the BCS and become a member of this specialist group can be found at the BCS website:
