

Housekeeping Services Objectives

The Housekeeping Services Objectives are:

- To contribute to providing a safe and healthy working environment for all students, staff and visitors using University buildings/facilities.
- To enhance the appearance of our facilities and contribute to the delivery of the University's core activities.
- To provide the University with a cost effective service.
- To encourage internal customers to feedback comments regarding the quality of the service directly through a dedicated e mail address or/and through customer questionnaires.
- To ensure that all operatives are adequately trained to supply quality services in a safe and effective manner.
- Aspire to only use eco friendly chemicals that are not harmful to the environment.
- To promote Sustainability and increase levels of recycling throughout the University.
