

Combined Honours Modules in Year 1 (for September 2021)

The following document sets out the specific modules you will take in your first year of study as a Combined Honours student. To find your modules you will need to look at the entry for each of your subjects and note the modules (marked with an X) for your specific combination. You can use the table of contents to take you to the correct entry.

For example, if you were studying Biology and Forensic Investigation. You would look at the entries for both Biology and Forensic Investigation:

Biology

In Year 1 combined honours students will take three core modules. These modules differ depending on the combining subject. They have been set to meet the learning needs of the combined honours subject and align with the specific combination.

Module Name	Semester	Biology / Forensic Investigation	Biology / Psychology	Biology / Sport And Exercise Science
Biochemistry	1	X	X	X
Genetics and Evolution	2	X	X	X
Science Skills and Introduction to Statistics	2	X	X	X

Forensic Investigation

In Year 1 combined honours students will take three core modules. These modules differ depending on the combining subject. They have been set to meet the learning needs of the combined honours subject and align with the specific combination.

Module Name	Semester	Archaeology / Forensic Investigation	Biology / Forensic Investigation	Forensic Investigation / Psychology	Law with Forensic Investigation
Introducing Forensic Investigation	1	X	X	X	X
Introducing Crime, Offences & Justice	1		X		
Introducing Crime Scene Investigation	2	X	X	X	
Forensic Practice and Law	2				X
Introducing Psychology and Crime	2	X		X	

In this example the relevant combination has been highlighted. This means the modules you would be taking would be as follows:

Semester 1	Semester 2
Biochemistry	Genetics and Evolution
Introducing Forensic Investigation	Science Skills and Introduction to Statistics
Introducing Crime, Offences & Justice	Introducing Crime Scene Investigation
