

DOWNLOADING RECAP SOFTWARE TO YOUR OWN COMPUTER

The software that ReCap uses to record your desktop (“YuJa Software Station”) can be downloaded for use on your own computer.

1. Open your device’s browser (Google Chrome is recommended)
2. Open your **Blackboard course / module**
3. Click on **ReCap** (the page will reload as ReCap opens)
4. Click **Create Recording** at the top (a pop-up box will appear)

5. Click **Download**

6. Follow the steps to install for **Windows**, or for **Apple MacOS**
