

The Library aims to provide you with learning environments that support your study, research and academic success. As partners in the learning process we need your co-operation to maintain an atmosphere that positively contributes to everyone's ability to study.

We will:

- Treat all users with respect and courtesy.

We need you to help us by:

- Being considerate of others and treating students and staff with respect and courtesy. Refraining from abusive behaviour. Disruptive behaviour will not be tolerated and will be escalated to Security staff.
- Not leaving your belongings unattended for a prolonged period of time or reserving study spaces when you are not present in the library. Unattended items may be removed by Security or Library staff.
- Keeping noise to a minimum, making sure that you don't disturb those around you.
- Using headphones when listening to music and videos and ensuring there is no sound leaking out from them.
- Not taking photos or filming without prior permission.

We will:

- Provide a variety of learning environments to meet your study and research needs.

We need you to help us by:

- Respecting the different zoning areas by selecting an area appropriate to your activity.
- Keeping discussions brief and quiet, not using your mobile phone in the Quiet Zones.
- Working alone, not talking and not using your mobile phone in the Silent Zone.
- Using the Social Study areas, the ground floor Atrium and Café, or a Group Zone or Group Study room if you want to use your phone, discuss your work or chat with friends.

We will:

- Give you support and assistance in searching for and accessing resources in the library and online.

We need you to help us by
