

Unitemps student researchers

Are you seeking an efficient, cost-effective solution to recruiting researchers?

If the answer is yes, Unitemps student researchers could be the perfect solution for your business.

Why not utilise our students and graduates to support your projects, or fill a permanent position with our skilled professionals?

What is Unitemps?

Unitemps at Canterbury Christ Church University is a university owned recruitment agency which offers employers in Kent and Medway the opportunity to access and recruit students and graduates.

What are Unitemps student researchers?

Unitemps student researchers are talented students and graduates from Canterbury Christ Church University seeking industry research opportunities.

All workers have experience as laboratory assistants or technicians, as well as knowledge from their academic studies, including Biochemistry and Genetics, Animal Science, Food Science and Nutrition, and Biomedical Science.

How can Unitemps student researchers help your business?

- A low risk, flexible solution to staffing
- Skilled candidates with academic knowledge who are keen to develop industry experience
- Provide a new perspective and approach to work
- A great way to raise the profile of your business and work with Canterbury Christ Church University

What will Unitemps do for you?

- Provide a simple and cost-effective recruitment solution
- Advertise the role, monitor applications, shortlist candidates and arrange interviews
- Issue contracts, removing your business risks in relation to employing staff
- Provide an online timesheet management system
- Payroll and monthly invoicing
- Worker compliance checks, employer NI and pension contributions

What does it cost?

The charge for the service is calculated on an hourly rate, so you can adjust worker hours to meet your budget. Charges begin from £16.40+VAT per hour.
