This postgraduate certificate is aimed at Podiatrists, Sports Physicians, Physiotherapists, Radiographers, General Practitioners and other Health Professionals.

The programme will provide you with an opportunity to learn how to use ultrasound imaging for the assessment and diagnosis of musculoskeletal pathology of the limbs whilst gaining an accredited Masters Level qualification (60 HE Level 4 credits).

**Modules**

The two taught modules, which are organised and delivered using a short block system, are:

- Techniques in Musculoskeletal Ultrasound Imaging;
- Principles of Science and Technology in Medical Ultrasound.

**Block 1:** 09 February 2015 to 13 February 2015 (inclusive)
**Block 2:** 20 April 2015 to 24 April 2015 (inclusive)

Science assessment: June 2015

Techniques assessment: September 2015

The third module, Clinical Applications and Management of Musculoskeletal Ultrasound, is work-based and will also commence in February 2015.

**Cost**

The current cost is £705 per module or £2115 for the entire Postgraduate Certificate.

**Venue**

Medway Campus: 30 Pembroke Court, Chatham Maritime, Kent, ME4 4UF
