Incites Journal Citation Reports

Go to LibrarySearch and log in. You can get to LibrarySearch via the Library and Learning Resources webpages or the student website home page. Alternatively, go direct to http://libsearch.canterbury.ac.uk.

On the LibrarySearch home page, click on ‘Find e-journals’ and go to ‘J’ in the alphabetical list. Find ‘Journal Citation Reports’ and click on it. This should open the Journal Citation Reports (JCR) homepage:

In the search box, type in the name of the journal you’re interested in. A drop-down list of selected journals should appear. Click on the one you want to view.

This should bring up the journal profile page:

On this page you can find lots of information about the journal, including the journal impact factor, key indicators and contributions by country and organisation. The default is the current year, but you can also view the previous year or all years.
