COMMUNITIES PARTNERSHIP SCHEME

Sustaining and supporting communities

The Sociology programme at Canterbury Christ Church University runs a Communities Partnership Scheme. By developing partnerships with organisations in South East Kent we aim to facilitate joint working, the sharing of successful practice and to provide research expertise and skilled volunteers.

Do you need volunteers for your organisation?

- We support our students in securing volunteering placements as part of their citizenship studies.

Do you want to make contact with other organisations within your sector?

- We can put you in touch with groups who have similar interests.

Do you want to share your experiences and practices with others?

- We can organise and run bespoke workshops and conferences.

Do you have research questions you need answering?

- We provide high quality research from our experienced academic team;
- Our undergraduates take on small-scale research as part of their academic studies.
